Kevin,

Thanks for meeting up with us at the Oxbow park see below pricing for the repair.

As discussed we believe that the work will entail a large Bulldozer with operator, utilizing your crews for loading/hauling/placing materials alongside the dozer for 2 weeks at \$145/Hr. Once the majority of the work is complete a skidsteer with Harley Rake and operator for 1 week is suggested at \$125/Hr to prep the area for seeding and mulching.

Regards,

Matt

Good afternoon Kevin,

Thank you for calling us to look at the cleanup/ gravel removal at the Oxbow. Our normal rate for the Cat 336 excavator is \$285 per hour. After a discussion with Garret he would be willing to lower the price per hour on that site to \$250 per hour, donating \$35 per hour to the town. This would be \$280 a day donated based off of 8 hours a day working the machine. We can get that machine on site as soon as needed to start work. It does work best for our schedule if we could do this with in the next 2 weeks.

Thank you,
