TOWN OF MORRISTOWN

October 19, 2014

Morristown Conservation Commission

Attendance: Ron Stancliff, Richard Sargent, Jim Pease

Meeting opened at 6:02 pm

September 2014 meeting minutes approved.

Members Report:

Ron: We should attend the Village Trustee meeting on 11/3 to discuss the revised stormwater ordinance with them. There is a concern that illegal access will be made to the Town Forest via Bryant Pond Rd due to logging activity opening the road up. For the immediate future a cable and combination lock with flagging or signs is proposed. Ron will talk to the Christie's and the State about this proposal. A more permanent gate might be worth pursuing at a later date.

No other reports made.

Meeting adjourned at 6:14 pm in order to attend the Emerald Ash Borer meeting at the River Arts building sponsored by the state and UVM.
