

**Morristown Conservation Commission**

**August 15, 2013**

**Meeting opened at 6:35 pm**

**Members attending: Ron Stancliff, Dick Sargent, Jim Pease**

**Member Reports: none**

**Old Business:**

**Clark Park:** The Village Trustees are not moving very fast on the lease to the Town. A discussion ensued about possible trails, uses and easements. It was decided to contact Trish Follert about seeking a municipal planning grant or other grant for a park development plan. Ron will inquire with the trustees again about the status of the lease.

**Town Forest:** No updates. We need to get an update on the status of the plan from Fran Sladyk. The Town Forest trails could be marked with the Trails committee "moose tracks". We need a bulletin board for both the TF and Clark Park. We need a gate at Bryant Pond Road access point.

**New Business:** A map showing lands above 1500 feet was created by LCPC for Ron. Almost all of the land above 1500 feet is west of Mud City Loop.

**Meeting adjourned at 7:30pm**

**Respectively submitted,**

**Jim Pease, Secretary**
