

Pleasant View Cemetery Association
July 13, 2019
Pleasant View Cemetery

Minutes

Present: Gloria Wing, Lee Sturtevant, Joie Marshall, Mike Day
Guests: Jeff Hunsberger, Wendy Hubbard, Jenn Chittick, Alden Launer

The meeting convened at the Caretaker's Cottage at 1PM. The above guests came before the officers on behalf of the Child Bereavement Coalition and The SIMON Project (Sudden Infant (& child) Mourning Network) requesting space for a monument. Lee asked what size monument they were considering. Jeff advised that the stone is approximately two feet by three feet; height unknown. Joie asked if he had any pictures or drawing and Jeff advised he did not at this time. Lee explained that they would need a cement base poured to hold the monument and suggested Clegg Memorials as they do a lot of work at PVC. Jeff explained the plan was for families to have their children's names engraved on the stone. Gloria discussed the need for the coalition to develop guidelines regarding use of the memorial. Joie suggested they might want to make the base larger than the stone as people often leave momentos for children. Lee suggested the monument might be placed near the vault or behind the flag on Washington Highway.

The group then moved to view those two sites and the guests found the spot behind the flag agreeable. The officers discussed various possibilities among themselves and, upon motion made by Lee, seconded by Gloria, unanimously agreed to allow the group to place the monument behind the flag. Mike set a stake to mark the area.

There being no further business, upon motion made by Lee, seconded by Gloria, the meeting adjourned at 1:30PM.

Respectfully submitted,

Joie A. Marshall, President
