Morristown Conservation Commission

June 19, 2019 Attendees: Dave Stevens, Kristin Connelly, Ron Stancliff, Jim Pease, Richard Sargent

Old Business:

May 2019 meeting minutes were approved with Brent's change

Mud Brook-about 9 potential contracors were sent survey sketches of the work to be done. Friday (6/21) is the contractor meeting at the site. We will not provide stone, it is up to the contractor. Ron, Brent and Dave will attend the contractor meeting. If there is no successful bid the project will be advertised next year. There is a 10/1 construction completion date that is required.

Green-Up-Brent send the report to everyone. About 2.79 tons were picked up. There were less tires than last year .

Ron will go see Craig Myotte about Clark Park in August. We need to ask VTrans about using the parking area on Bridge St and for permission to cross VTrans ROW for a trail to the parking area.

New Business

The MCC Tent at the Wednesday night concerts was announced by Trish on the first night. There were 3 donations for the SLT Brownsville Forest project.

There will be no July and possible no August meeting. We will meet at the Town Forest for field work. We will rough out the new East Trail going north from the brook along the old property line. Ron will publicly notice this change and Kristin will put it on Front Page Forum. Tentative dates pending the final announcement: 7/20 Trail work, 7/27 rain date for 7/20. 8/3 trail construction date, 8/10 rain date for 8/3. Ron will prepare an equipment list. We should bring Moose Tracks signs and nails for marking the trail.

Ron asked Diane Fredericks about the log landing on state owned land that Doug Small used for the town timber sale and if it could be a possible parking area for Bryant Pond Rd users. The road was going to be used by Peter Christie's daughter to access a new house site. This may not be necessary because Christie may not build anytime soon. But we should be thinking about adequate parking for this access to the Town Forest.

Brent took a quick look at the recently thinned Pine plantation. It seems healthy and there is no serious erosion.

Ken Bailey has decided not to join the MCC this year.

Meeting adjourned at 7:10 pm

Respectively submitted, Jim Pease, Secretary.
