Joie called the meeting to order at 4PM.

Upon motion made by Gloria, seconded by Lee, the minutes of October 2, 2018 were approved unanimously as written.

Discussion then turned to cemetery updates. Mike reports the equipment is in good order. Water was turned on today. Gloria has spoken with Ron Stancliff about growth in the area where the pines were removed. She has also spoken with the Boy Scouts, suggesting that they could dig up some of the small trees now growing in that area and sell them as long as it was done in a safe and husbandlike manner. The public has been notified repeatedly and Mike will begin removing overgrown trees and shrubs from plots planted against the rules and regulations.

Joie showed a photograph of the sign and information box at the cemetery located on LaPorte Road and provided language to place on the sign. Following review of the message, Gloria and Lee had no additions or changes. Mike will check with Doug about securing two signs and posts for placement at both entrances.

Mike has met with Corey Hathaway regarding the last area requiring tree removal in the corner near the pond in the old part of the cemetery. Corey has estimated \$6,000 will take care of the remaining trees, including some remaining pines. Upon motion made by Gloria, seconded by Lee, it was voted unanimously to expend the funds necessary to engage Corey's services.

There being no further business, the meeting adjourned at 4:20PM.

Respectfully submitted,

Joie A. Marshall, President
